Medical Centre Recruitment – where care quality counts!

A warm welcome

About Medical Centre Recruitment

Medical Centre Recruitment (MCR) was established in 2003 as a specialist primary care recruitment and training agency. We provide a much-needed and vital 24-hour-a-day service to GP practices and other approved medical establishments. Temporary staff working across a number of disciplines are recruited to ensure patient care is not interrupted during periods of sickness, holidays and training. MCR is owned and run by Carol Grieve, a registered nurse with over 25 years of experience in practice nursing, practice management and senior management within the NHS. Our knowledge and experience of working in the health care industry guarantees you receive the best possible service and advice on your recruitment and training needs.

"Medical Centre Recruitment has always listened to my needs and has been very proactive in finding me work, which suits me and the practice that needs cover."

Ellen, Notes Summariser,
Darlington

"During my time with Medical Centre Recruitment I was offered regular and ongoing work appropriate to my qualifications and thanks to them, I was offered a permanent job."

Margaret, Practice Nurse,
Darlington

"We are very happy with the service provided and calibre of the staff, so much so that we have offered permanent employment to two nurses and one phlebotomist."

Angela, Practice Manager,
Darlington

How we work

To ensure we meet your specific needs, all staff supplied are carefully vetted. Effective communication with staff and clients is one of the key elements of our success. Ongoing evaluation of services and continual development ensure you receive excellent value every time. We operate to high and exacting standards to guarantee quality. We will discuss with you in detail your particular requirements so that we provide you with the best and most suitable personnel whose skills and experience match your criteria.

Categories of staff

- Nurse Practitioners
- Practice Nurses
- Treatment Room Nurses
- Practice Managers
- Medical Receptionists
- Medical Secretaries
- Phlebotomists
- Chronic Disease Management Nurses
- Health Care Assistants
- QOF Support
- Complimentary Therapists

Additional services

An introduction service for supplying permanent staff is also available should this be preferable. We can also reduce your work load and time by recruiting staff especially for you.

Training Services

We offer accredited training through the Open College Network (OCN), including Levels 2 and 3 in Phlebotomy and Clinical Skills. We can also deliver customer service and other bespoke training to meet your specific needs.
